Today we will take a trip down memory lane as we travel to West Branch, Iowa and a look back into Iowa history at the presidential Library of Herbert Hoover, our 31st president of the United States. Here you will get a glimpse of his boyhood days as well as his time he served in the Oval Office. The museum will be decorated for Christmas with its many trees adding an enchanting holiday theme.

After a delicious lunch at a local Iowa City restaurant, we will continue with our history lessons as we explore the "old" State Capitol of Iowa. Damaged by fire while under renovation, this Iowa City icon has been repaired and ready once again for visitors.

We complete our day with a tour of Iowa City, leaving us time to explore some of the unique shops in the downtown area. Just maybe you might find that unusual Christmas gift you are looking for.

Our day would not be complete without a stop at the new Hawkeye Museum. We will learn about this grand University and the "Hawkeye Legends".

Fees include: All admissions, Tours, Lunch, Transportation and Gratuities
